# Company Overview

Rishfotech is a Kolkata-based IT company specializing in web development, mobile apps, and e-commerce solutions. We provide scalable technology, digital marketing, and dedicated developer services to diverse industries. Our mission is to drive business growth with innovative, cost-effective, and result-oriented solutions.

Rishfotech Solutions

# Challenges & Objectives

Happy Hooke needed to increase immediate post-purchase sales by presenting relevant bundled products on the thank you (post-purchase) page. The solution had to respect the currency of each customer's completed order within Shopify's restrictive environment, requiring advanced logic and overcoming platform limitations.

## Challenges

- Limited Page Customization
- Dynamic Upsell Display
- Multi-Currency Complexity
- Seamless User Experience

## Objectives

- Post-Purchase Upsells
- Accurate Currency Display
- Boost Order Value
- Disruption-Free Checkout

# Problem Statement

## 01

### Post-Purchase Sales

Happy Hookie aimed to boost immediate sales after checkout. Relevant product bundles were presented to encourage additional purchases.

## 02

### Currency Compliance

Ensure upsell offers respect the currency of each completed order. Accurate pricing was maintained for international customers across storefronts.

## 03

### Platform Limitations

Overcame Shopify's restrictive thank-you page environment with advanced logic. Enabled dynamic upsell functionality despite native platform constraints.

# Proposed Solutions

Points	Objective	Key Feature	Outcome
● <b>Thank You Page Upsell</b>	Show bundles post-purchase	Dynamic, order-based recommendations	Additional sales immediately after purchase
● <b>Multi-Currency Support</b>	Match order currency for offers	Real-time API-driven pricing	Accurate global customer engagement
● <b>Advanced Custom Logic</b>	Override Shopify default limitations	Custom scripts & app blocks	Flexible, scalable implementation
● <b>Analytics &amp; Testing</b>	Track upsell performance	Integrated reporting tools	Improved strategy based on real results

# Our Approach

## **Thank-You Analysis**

Analyzed Shopify's thank you page and post-purchase customization APIs and identified gaps in native support.

## **API Integration Implementation**

Integrated with Shopify's order and currency APIs to ensure all offers match the currency and context of the original purchase.

## **Custom Upsell Logic**

Developed custom logic to retrieve and display upsell offers based on the customer's order data, including currency, country, and product history.

## **Advanced JavaScript Usage**

Used advanced JavaScript and Shopify app blocks where available, ensuring visual and functional consistency.

# Client Feedback and Improvements

## Boosted Conversion Rates

Happy Hookie saw an immediate increase in post-purchase conversions. Upsell bundles contributed to higher average order values.

## Accurate Currency Display

Currency accuracy improved trust among international customers. Buyers felt confident completing purchases in their local currency.

## Flexible Upsell Management

The site allows easy updates to upsell bundles. Administrators can quickly adjust offers based on strategy.

Rishfotech Solutions

# Services Delivered

Rishfotech developed a custom Shopify solution enabling dynamic post-purchase upsell bundles tailored to each customer's order. The system ensured accurate currency display for international customers and seamless integration with Shopify APIs.
