Rishfotech Solutions

# Company Overview

Rishfotech is a Kolkata-based IT company specializing in web development, mobile apps, and e-commerce solutions. We provide scalable technology, digital marketing, and dedicated developer services to diverse industries. Our mission is to drive business growth with innovative, cost-effective, and result-oriented solutions.

# Challenges & Objectives

KT Hub needed a scalable solution to manage live class batches in Tutor LMS, overcoming course builder page limitations by capturing and securely storing additional custom data, and presenting it through an intuitive dashboard.

## Challenges

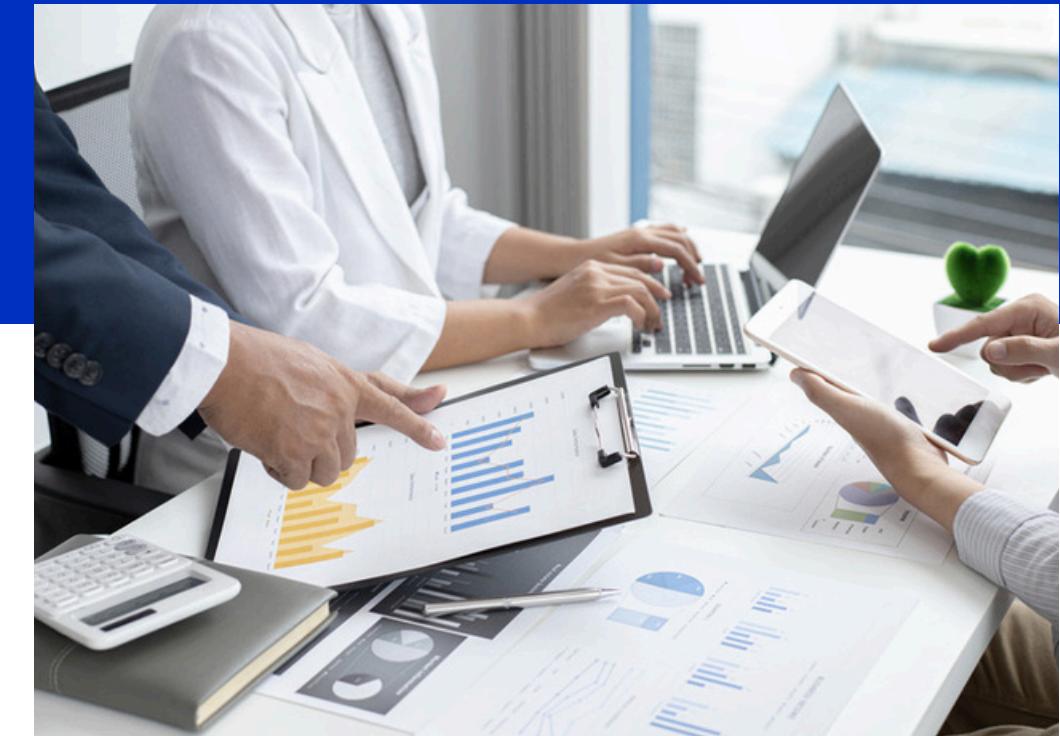

- Real-Time Batch
- Streamlined Instructor Workflow
- Extended Batch Data
- Reliable Dynamic Scheduling

## Objectives

- Efficient Batch Management
- Intuitive Data Display
- Enhanced User Experience
- Scalable Future-Proofing

# Problem Statement

**01**

## Scalable Batch Management

KT Hub required a system to efficiently manage live class batches. The solution ensures smooth handling as the number of courses grows.

**02**

## Custom Data Capture

Overcame limitations of the default course builder page. Additional course and batch information is securely captured and stored.

**03**

## Intuitive Dashboard Interface

Data is presented through a user-friendly, easy-to-navigate dashboard. Enables instructors to quickly access and manage batch details.

# Proposed Solutions

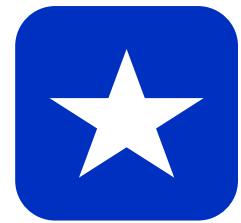

Points	Objective	Key Feature	Outcome
● <b>Live Batch Management</b>	Efficient scheduling	Dynamic field creation	Real-time class management simplified
● <b>Data Capture</b>	Store extra batch info	JS field/database integration	Reliable extension of course builder
● <b>Dashboard Integration</b>	Intuitive oversight	Role-based admin/instructor UI	Higher engagement, simpler oversight
● <b>Plugin Architecture</b>	Tutor LMS compatibility	Modular PHP/JS development	Long-term scalability and stability

# Our Approach

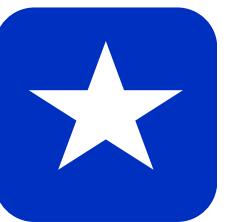

## Custom Addon Development

Developed a PHP-based Tutor LMS addon to add custom fields in the course workflow. JavaScript was used to enhance functionality without disrupting the default process

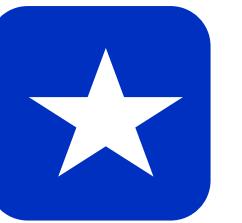

## Streamlined Dashboard Design

Designed intuitive dashboards for both instructors and administrators. Provides a clear overview of batches, attendance, and related course data.

## Secure Data Integration

Implemented robust database integration to store and retrieve batch and attendance information. Ensures data security while maintaining easy access for instructors and admins.

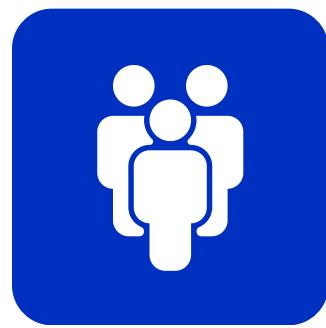

## Seamless Feature Integration

Ensured all batch management functionalities work smoothly within the KT Hub ecosystem. Enables instructors to manage classes efficiently without workflow interruptions.

# Client Feedback and Improvements

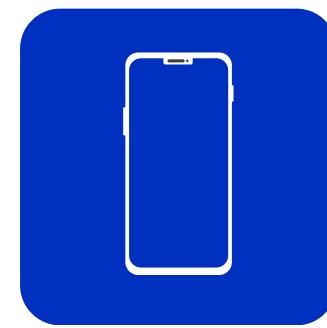

## Simplified Admin Management

KT Hub administrators praised the simplicity and flexibility of batch management. The system allows easy updates and smooth handling of multiple live classes.

## Improved Instructor Experience

Instructors reported enhanced ease in organizing and tracking live sessions. Scheduling and monitoring batches became more efficient and less time-consuming.

## Enhanced User Engagement

Platform users enjoyed more interactive and engaging learning sessions. Streamlined workflows improved the overall learning experience and participation.

Rishfotech Solutions

# Services Delivered

Rishfotech developed a custom Tutor LMS addon to improve course creation and batch management.

It included dynamic live batch scheduling and custom JS-powered form fields. Intuitive dashboards allowed instructors and admins to track user participation efficiently.

- Custom Tutor LMS Addon
- Dynamic Batch Scheduling
- Advanced Data Capture
- Instructor Dashboard Overview
- Admin Insights Dashboard
- Seamless Payment Integration
- Ongoing Support Services
- Scalable Feature Enhancements
